- Proactive care and support • Gainful insights
- Right approach & solution to students' behavior

The Advanced Career Path

- Best career ideas • Self-help development
- Ability to explore strengths and weakness

Best Scholarships

- A large amount of Scholarships every year

Mr. Ananda Bahadur Chand Chairperson

Mr. Chand holds a Master's degree in Science with specialization in Chemistry. He is pursuing Ph.D. from Institute of Science and Technology (IOST, TU). Moreover, he has successfully completed many professional courses: a 10-day Global Leadership Course on Tobacco Control from Johns Hopkins University, USA; Project Management Course, Leadership and Management Course and Budget and Financial Risk Management Course through International Management Development Program, under the scholarship of The Union.

Mr. Chand has also served as the Chairperson of the Board of Nepal Food Corporation, a prominent corporation of Nepal Government, and also as an Executive Director of BP Koirala Memorial Planetarium, Observatory & Science Museum, Kirtipur under the Ministry of Education, Science and Technology. He has presented many research papers on various issues of public health in national and international conferences. He has visited more than 40 countries including the USA, France, the Netherlands, Austria, Switzerland, Italy, Spain, the UK, Singapore and more. His strength lies in managing projects, leadership and research.

Mr. Suman Poudel Principal

Mr. Suman Poudel holds postgraduate degree in Management and has a blend of corporate and academic experience. He worked for a Multinational Company "Target," the 2nd largest retail store of the U.S. for three years as Executive Sales Auditor immediately after completing his Master's from Bangalore in 2007.

He started his academic career with Sikkim Manipal University in 2010. After coming back to Nepal in 2013, he has accumulated extensive experience in management education delivering lectures to BBA and MBA students at Boston International College and Presidency College respectively. Besides, he also served as MBA Program Director in Presidency College. He completed his FDP IIMA & Entrepreneurship course from IVEY University, Canada. His academic achievements have exposed him in the international arena, and as a result in 2018, he got an opportunity to deliver some sessions in Ling Tung University of Taiwan. He is pursuing Post Graduate certification HR from IIM, Shillong, India. He believes that education is a fine blend of study and exposure that makes the students aware of what they are learning. He has been a key note speaker for two international conference conducted by D.Y Patil B School & Jawaharlal Business School.

Mr. Poudel is looking forward to another incredible year at Ankuram! He loves to inspire and encourage students to be the best in and out of the classroom.

Dr. R.N. Dhital Program Director- Science

Dr. R.N. Dhital received his PhD from the Graduate University for Advanced Studies (SOKENDAI), under the supervision of Professor Dr. Hidehiro Sakurai. After his Bachelor's degree in Chemistry from Birendra Multiple Campus, Chitwan, he joined the Central Department of Chemistry, Tribhuvan University. He completed his Master's degree in 2008 securing distinction with 82.8% (1st Position in Inorganic Stream). After that, he worked as a lecturer in the Central Department of Chemistry, TU, Kirtipur. Then his aspirations for further studies led him to SOKENDAI, Japan.

After completing his PhD, Dr. Dhital worked as a JSPS postdoctoral fellow of Osaka University. In 2016, he moved to RIKEN and worked as a researcher in Green Nano-Catalysis Research Team. A frequent speaker at several national and international conferences, Dr. Dhital's research interests focus on the design and catalytic application of metal nano-particles for sustainable organic transformations. Dr. Dhital has published more than 18 research articles in high impact scientific journals. He was the recipient of the SOKENDAI Research Award in 2013, Young Scientist Award in 2011 (International Symposium of Advanced Materials and Nanotechnology, Kathmandu), Young Presentation Award (International Symposium of Catalysis and Fine Chemicals, Japan, 2011), and Best Student Award 2008 (NAST, Nepal).

Miss Shraddha Adhikari Program Coordinator- Management

Miss Shraddha Adhikari holds an MBA degree in Marketing from Ace Institute of Management. She has more than four years of working experience in different fields, including the Hospitality Industry and Multi-National Company. She has extensive knowledge in Brand Management, Service Marketing, Advertising & Promotion, and Consumer Behavior. She is also a faculty member at Boston International College. Moreover, she worked as a Lecturer at Presidency College of Management Sciences, AIMS CA, Valley State College and as an Area General Manager at OYO Nepal.

She adamantly believes that the combination of experience, academic achievements, training, and diligent work ethic makes an individual qualified candidate. She is an aspiring academician whose unwavering dedication, radical pedagogies, and eye for detail result in utmost proficiency in anything she takes up. Her passion can be seen through her prowess ranging from teaching to students' welfare and administration. Miss Shraddha Adhikari mentions, "The Management Program in Ankuram has been designed to equip students with business and management skills and imbibe an in-depth understanding of the business fundamentals. This will enable our students to gain empirical and technical knowledge."

Our Insights

Vision

We aspire to be a leading educational institution in the country producing responsible, creative and global citizens dedicated to the progress of entire humankind.

Mission

The School's mission is to provide a holistic educational experience that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning. We strive to ensure that every child in our care is empowered to make choices and encouraged to contribute to the community.

Ankuram In the Eye of Students

>>>>>>>> >

When I first entered this school, my mind was full of thoughts like will I be able to adjust into such a new environment or will there be a friendly environment? After spending a few months, I came to know that faculty members are very amiable and care every one of us meticulously.

I found fruitful to invest my time in the world class school. Ankuram Academy focuses on the conceptual learning rather than the knowledge of books only and encourages every students to engage in extra-curricular activities. After a year of schooling in Ankuram Academy, I found the entire best streak at the institute which provide me a broad and bright future platform. Choosing Ankuram to pursue my higher studies is one of the wisest decisions that I have ever made in my life. I am just a bud now whose knowledge and dreams are being nurtured in this well-infra-structured and well-facilitated school.

Our Facilities

At Ankuram we have world class infrastructure to nurture the holistic development of our students.

Safety and Security

- CCTV surveillance
- School preparedness for emergencies
- Regular earthquake drills
- Earthquake resistant building
- Trained staff
- Fire safety

Transportation

- Lady assistants on school buses and vans
- Official mobile for drivers
- GPS tracking on each buses and vans
- First Aid kit in the school buses
- Light snacks (Contingency plan)
- A/C buses
- Fire extinguishers

Health and Hygiene

- Infirmary (Medical room)
- Health camps for students and staff
- Conduct health education program for school community

Cafeteria

- Clean and hygienic cafeteria
- Varieties of nutritious lunch and snacks menu
- Self-service counters for senior students
- Salad counter
- Safe purified drinking water

Teachers Profile

Mr. Sumnath Khanal (HOD Chemistry)

Mr. Sumnath Khanal received his Master's degree in Chemistry from Central Department of Chemistry, TU. His research interests focus on the synthesis and characterization of natural products. He has participated in many national conferences and workshops organized by the Nepal Chemical Society and Department of Plant Resources. After completing MSc, Mr. Khanal worked as a research assistant in Natural Product Research Laboratory, Kathmandu and published several research articles in National and International Journals. Mr. Khanal is also an author of 'MSc Chemistry Entrance Preparation Book, 2017.'

त्रिभुवन विश्वविद्यालयबाट शिक्षा, मानविकी तथा समाजशास्त्र सङ्कायबाट नेपाली र राजनीतिशास्त्र विषयमा स्नातक तथा स्नातकोत्तर गर्नु भएको ताराप्रसाद न्यौपानेमा ५ वर्ष प्राचार्यको र ५ वर्ष माध्यमिक शिक्षकका रूपमा कार्य गर्नुभएको अनुभव रहेको छ र उहाँ विगत दुई वर्षदेखि यस अङ्कुरम् एकेडेमीमा पूर्णकालिन नेपाली तथा सामाजिक अध्ययन विषय शिक्षकका रूपमा कार्यरत हुनुहुन्छ ।

Mr. Tara Prasad Neupane

Mr. Manoj Chhetri

Mr. Manoj Chhetri, a fresh and an energetic teaching personnel with more than four years of teaching experience at high school level has completed his Master's degree in Physics from Central Department of Physics, Tribhuvan University in first division. He did his master's thesis research on Atmospheric Physics and has attended several scientific talks and seminars. His teaching methodology facilitates students to apply their knowledge and harness their skills.

Parents View

नेपालको मध्य भाग चितवन र चितवनको मुटु भरतपुरको कृष्णपुरमा अवस्थित अङ्कुरम् एकेडेमी नेपालकै उत्कृष्ट विद्यालयहरू मध्ये एक हो। कुशल व्यवस्थापनमा अन्तर्राष्ट्रिय स्तरको अत्याधुनिक भौतिक संरचना तथा शिक्षण प्रविधियुक्त यस विद्यालयमा, दक्ष र अनुभवी शिक्षक प्राध्यापकद्वारा पठनपाठन भइरहेको छ, यस विद्यालयमा आफ्नो सन्तानलाई भर्ना गरेर म अत्यन्त सन्तुष्ट छु । उत्कृष्ट सैद्धान्तिक र प्रायोगिक ज्ञानको अभ्यासद्वारा विद्यार्थीमा नवीनतम ज्ञान, सीप र धारणाको विकास गराउने विद्यालयको नीति रहेको छ र यसको कार्यान्वयन पनि भइरहेकाले म अत्यन्त सन्तुष्ट छु, आफ्ना बाबुनानीलाई यस विद्यालयमा भर्ना गराउँदा अन्य अभिभावकहरुज्यू पनि सन्तुष्ट हुनुहुनेछ भन्ने विश्वास गर्दछु ।

Mina Malla
Parent of Jiya Malla

Ankuram Academy is one of the best institutions for +2 level in Chitwan. As I know many more +2 schools in Chitwan, no other schools give such international level facilities that is offered by Ankuram Academy. After visiting school I found, it has air conditioned digital classroom, well- equipped advanced labs, digital library and well-managed transportation system. I am really impressed with peace and creative teaching-learning environment of school. All the faculty members as well as staff members from front desk, account section, and library are humble to the parents and students. The Program Director Dr. RN Dhital is kind and friendly to parents as well as students. I believe under his supervision, many students will feel secure for his/her academic career. As a parent, my decision to trust Ankuram for the better academic future of my child is absolutely right and Ankuram made us feel proud.

Holistic Approach

Ankuram Academy has been committed to influencing moral value-based education for the overall development of students and preparing them to compete in the practical world in a variety of fields since its inception. Our institution focuses on student-centered teaching and learning methodology to accomplish this. Students are so engrossed in the luxuries of life that they eventually forget what they are taught in school. This is the reason we are more focused on the practical-based teaching methodology which enhances the knowledge and creativity of the students.

Since, we have adopted a method of teaching our students through the practical ways, they are given the task to create a type of product on their own where they brainstorm their ideas, become responsible to constitute it and show the initiation to the advertisements of their own product. The culmination will involve selling the product in the market. This activity is an immersive eye-opener for the students as they will be experiencing of selling their own product first-hand. We have tried this and proven that this is one of the best ways to teach students about the real market. This is how our students get familiar with the marketing strategy.

MARKETING PROJECT DONE BY STUDENTS

After SEE, like other students, I too wandered for quality education for my higher studies. At that time, I chose Ankuram. Here we can enjoy the quality time with well-qualified & experienced teachers and well competitive friend circle. The college wisely focuses on our academic career and provides sound and effective environment for the overall development. The international standard facilities, advanced technology & holistic education offered by the college helped the students a lot. This institution teaches everyone to think critically, organize life and pursue the path of choice. It focuses not only in curriculum but also in extra activities through different programs and seminars which encourages the students to push their boundaries. It is a trustworthy college and I feel proud to be an Ankurian.

Anjal Bhattarai
Grade XI-Science

Subject Selection Process

- English, Nepali, and Social Studies are compulsory subjects in Grade 11.
- While selecting the optional subjects in Grade 11 and 12, students should choose one subject, each from three groups among the four groups specified by NEB. Besides, they may choose one more optional subject from the unchosen group if they wish. Schools offer more optional subjects based on the students' desire and their potentials.
- Those who choose to study Physics, Chemistry, and Biology both in Grade 11 and 12 may study Mathematics as an optional subject if they wish to do so.

3 Golden Rules for Subject Choice

It is time for some serious decisions. Subject selection is an important part of managing your educational future. Students need to consider their aptitudes and abilities and use that as a basis for selecting the subjects to which they are best suited.

1

Skills

Identify the skills or activities that you are uniquely good at.

2

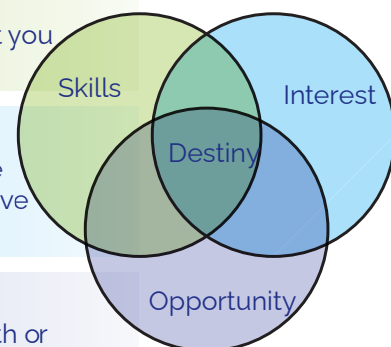

Interest

The things you love doing. These activities make you happy and give you the pleasure most.

3

Opportunity

Identify areas of economic growth or opportunity that you might be interested in.

Eligibility Criteria for Grade 11 Science & Management

“
Parents
Voice

Sharmila Chuke
Parent of Pravash Chuke

Eligibility

- Admission to Grade 11 at Ankuram Academy is purely merit based.
- Candidates who have secured GPA 'B+' and above only are preferred for selection in Science, and for management, candidates securing GPA 'C+' and above are preferred.
- Entrance Examination consisting of 100 MCQs will test your competence in Science, Mathematics, English and General Knowledge for Science Stream, and Mathematics, English and General Knowledge for Management Stream.
- The shortlisted students & their parents are called for an interview before they are finally selected for admission at Ankuram Academy.

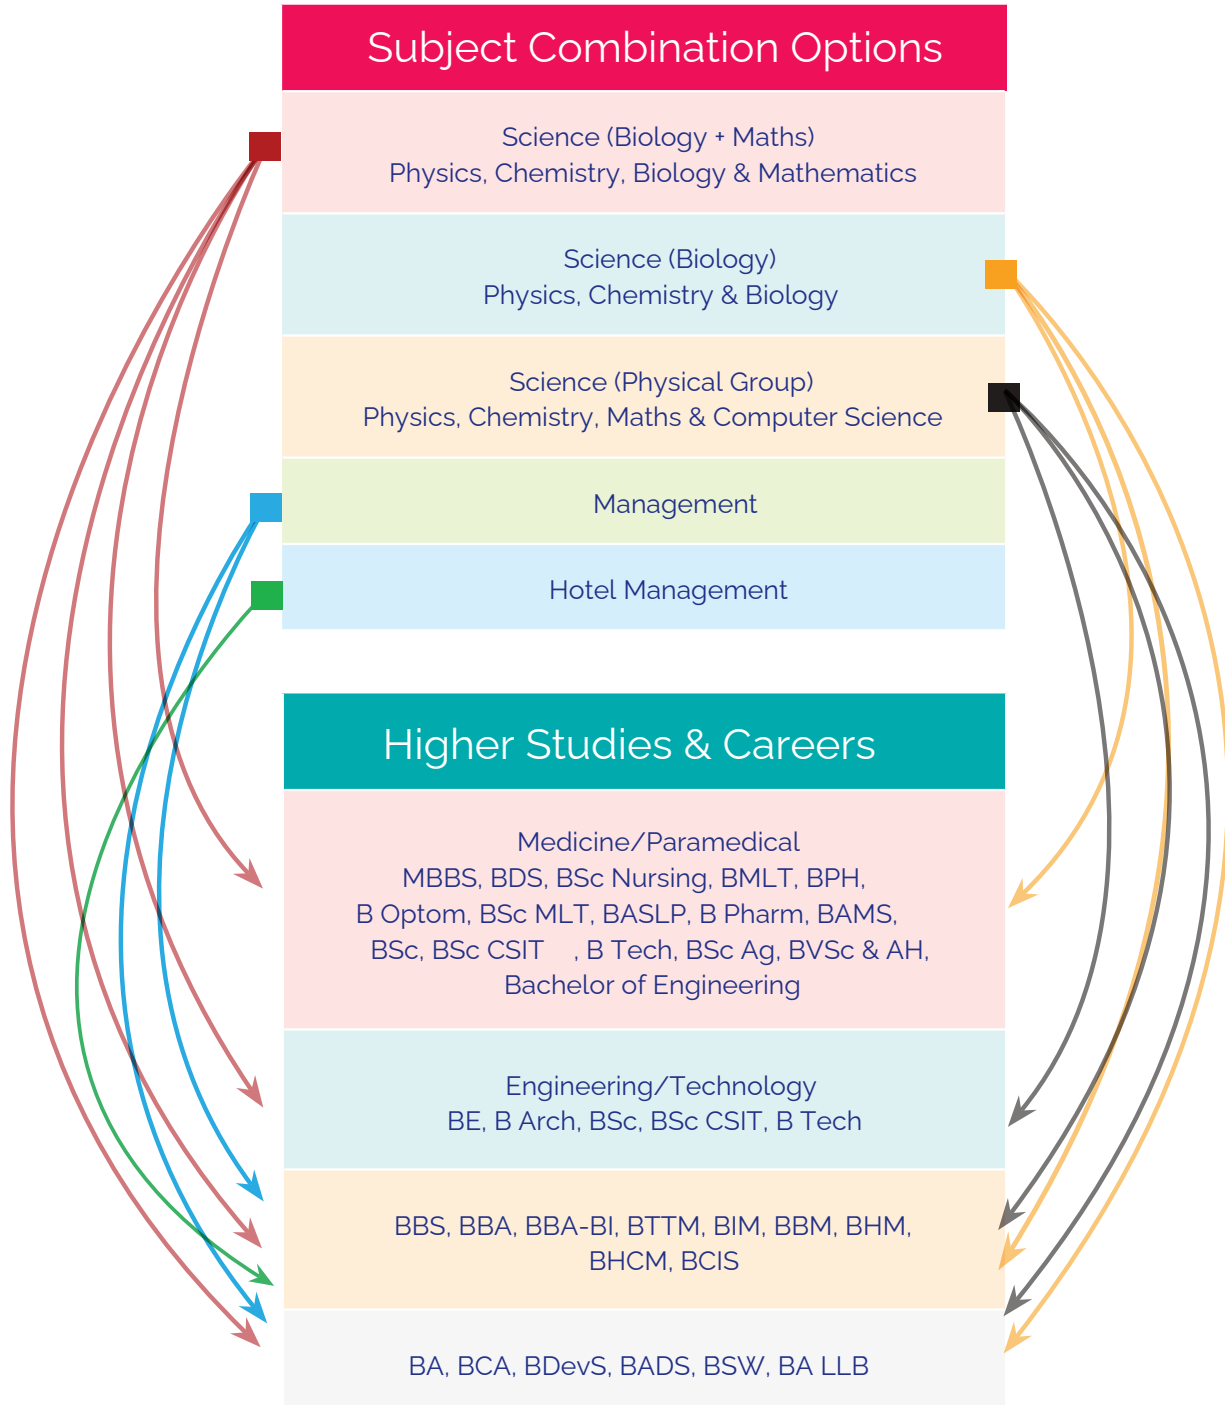

Admissions Process

Admissions & Enrolments at Ankuram on the ground of religion, race, gender or zonal boundaries are strictly prohibited, and are considered against the law. The availability of seats is limited. The application process includes:

- Step: 1** Choosing the desired subject combination
- Step: 2** Submitting the application form
- Step: 3** Taking the entrance exam
- Step: 4** Facing the interview panel
- Step: 5** Receiving the letter for admission
- Step: 6** Proceeding with enrollment

As a parent I want my child to have a full exposure whether it is in academic activities or co-curricular activities. My three children did their SEE/SLC from Kathmandu but I decided to enroll them here at Chitwan for their 11 and 12. My elder daughter and elder son studied at Apex but I wanted more for my youngest son. I wanted him to excel not only in academics but also in overall activities. So I searched for a college that fulfills all the necessary checklists. Then I found Ankuram Academy. It has provided the best educational services to my son. A college that provides many opportunities here at Chitwan is a game changer because now many parents don't have to send their children to the capital city, Kathmandu for their +2. I am really satisfied and would like to encourage the new parents to enroll their children here at Ankuram.

Students' Voice

I am delighted to pursue my higher studies (+2) at Ankuram Academy. After joining I found proper guidance, positive thoughts, highly effective administration and well experienced teachers who are at all time ready to inspire students. It is the right platform where your voice is heard, where you can enhance your talent, counts your opinion and aspires a good quality education on both theoretical and practical way. This institution has become a significant shift in boosting my knowledge, confidence, thoughts and leadership skills. To be successful in career, choose better at right time. Feeling proud to be an Ankurian.

Manom Shrestha | XI-Management

To fulfill your dream you need to get the strength to reach towards it. Ankuram gave me the strength I needed to take the step towards the dream of my life. Ankuram always encourages your innovative ideas, creations and skill by organizing different kind of programmes. The faculties are brilliant and well experienced in their respective field to provide quality education to the students. Ankuram has taught me to never underestimate myself on the basis of my mistakes. By studying in Ankuram I learn that errors are stepping stone that will take you from where you are to where you want to be. Ankuram has brightened my day, made me better & thoughtful and has given me confidence to dream big and help me see that I can do more. So you all are welcome to Ankuram Academy for World Class Education and to create bright future of your own.

Evaluation Criteria for Science & Management

Evaluation

The Academy believes in the continuous assessment system of evaluation. This system has been designed to keep students continually informed of their performance in relation to the required standards of academic achievements. Our system of evaluation uses highly and computing tools that clearly demarcate the individual performance and achievement of every student. Besides, our continuous evaluation process prepares the students for rewarding achievement in the exams. Ankuram conducts the following tests and examinations:

Monthly Test: Every month students have to sit for the test of all the individual subjects they have studied during the time. The subject teachers will use their discretion for devising the test.

Terminal Examination: Two terminal exams are held in each academic year.

Pre Board Examination: At the end of each session pre board examination is held following the exact NEB exam pattern. Only those securing at least 40% in each subject are allowed to appear in the Board Examination.

***Practical Examination:** According to NEB pattern. Practical exam is done by internal and external examiner.

Progress reports of the Terminal Examination, Mid Term and Pre-Board are given to the parents/guardians. However, the students whose academic performance is unsatisfactory and whose discipline record is objectionable will be penalized. Our expert counselors will work to bring them back on track for success in the final exams.

Teaching Methodology

Our teaching methodology is followed by using following tools and techniques.

- Audio-Visual Aids
- E-Learning
- Internet

As per the demand of 21st century, Ankuram Academy adopts a "**student centered approach to teaching**" using advanced tools and techniques.

Lectures

Well-prepared and systematic lectures help our students to assimilate themselves with deeper understanding of the subject matter.

Lab Work

Practical classes and demonstrations help the students to manage their life and prepare themselves for better future in creative fashion.

Mind Mapping

A powerful graphic technique that provides a universal key to unlock the potential of the brain has been used.

Field Visits

Ample exposure to different places and interaction with people stimulates thinking, creativity and communication skills of the students.

Interactive Classes

Modern classroom technology such as smart boards, multimedia and audio-visuals are our fundamental tools that facilitate learning. This develops unique ways of thinking and understanding.

Seminars

Seminars are conducted by well-recognized academicians, and our students actively participate in the discussions.

Project Work

Coursework awareness is integrated with its application through project work. It stimulates critical thinking skills, decision making process, close observation and reflective thinking abilities.

Continuous Assessment

Students are evaluated on the basis of term-based written examinations, class tests, assignments and attendance.

Assignments

Course related regular homework keeps student academically energized.
