Ankuram Academy

World Class Education in Chitwan

Our Affiliates

Foreword

Ankuram Academy was established in 2018 to cater to the educational needs of parents and guardians in Chitwan. Recognizing that numerous families were sending their children to Kathmandu or India for schooling, a gap was identified, and parents from our sister organizations, Boston International College and Kidzee Preschool, also acknowledged this need. The name 'Ankuram,' meaning 'the sprout of knowledge' in Sanskrit, reflects our commitment to nurturing and developing young minds. For us, education is like sowing the Seeds of Knowledge in our young kids who Blossom with time.

At Ankuram, we strive to create a fertile ground for students to grow and develop their full potential. Our goal is to instill a lifelong love of learning that extends beyond the classroom, maturing into a future full of passion and opportunities.

Since its inception, Ankuram has undergone significant growth, evolving into a leading institution in Nepal. Today, it not only provides world-class facilities but also embraces holistic and progressive teaching and learning approaches. Our mission extends beyond academic excellence; we aim to be a well-rounded school, as reflected in our tagline, 'School for Life.' A key strength lies in our diverse national and international faculty, offering students an opportunity to learn about various cultures and embrace diversity.

**It is Ankuram “Where Learning
Flourishes and Dreams Blossom.”**

Welcome

“ Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations ”
- Bob Beauprez

An academic institution plays a crucial role in nurturing and developing a unique talent in every child. It, in fact, enables them to blossom into a complete being by discovering the joy of learning. We, at Ankuram, believe that this can be achieved by providing children a safe and conducive environment to do their best in academics, sports, arts and cultural activities. In this institution, this guiding philosophy of providing children a holistic education has always been at the core of everything we do.

Every day all of our efforts are focused on making Ankuram Academy a happy school where teaching is pleasure and learning is joy. At Ankuram, we prepare the children to identify their interests early on and help them to develop these interests into their passion. Here, the children learn to believe in themselves and keep interest in every aspect of life and nature. We encourage curiosity in every child and motivate them to be lifelong learners.

Ananda Bahadur Chand
Chairperson

The Director Speaks ...

When you step onto a school campus, what do you want to see, hear and feel? Imagine a school that ignites the senses and the natural curiosity of children; a place where innovation, creativity and learning flourish; it's Ankuram Academy!

Naim Chaudhari
School Resident Director

As you enter the gates the learning begins. Seeing children engaged in activities, hearing deep discussions, lost in playing music or composing songs, enjoying the cultural dances, laughing and jumping and fearlessly trying to beat the opponents in the futsal, sharing their newly composed poems or stories or new creations with a community of learners is normal experience here. Every staff and student at Ankuram is a learner who gets new opportunities to learn and grow every day. It is a world of learning in itself. It is committed to providing holistic education applying international best practices and using a variety of learning strategies, in a loving, caring and homely environment.

As the Director of this esteemed institution, I take immense pride in leading our team of passionate educators coming from different parts of the world and dedicated staff who provide pastoral care to our students. We all are committed to igniting lifelong love for learning, fostering creativity and develop essential life skills that will flourish our students intellectually, emotionally and socially and empower them to channelize their potential in the pursuit of excellence and thrive in an ever-evolving world.

The students, teachers, staff and parents are all a part of our Learning Community. We strive to learn together. Come and join us and together play a role in your child's learning journey and shape his/her future! The school is open to everyone to come and experience.

Education for Life

“At Ankuram Academy, we provide a learning environment that inspires and motivates children, and encourages them to explore limitless possibilities in their quest for knowledge”

We impart a well-balanced, concept focused and research-oriented education through progressive curricular practices. The learner is at the center of everything we do, and reaps the opportunities for self-directed learning.

Our commitment to delivering complete education has continuously geared us for steady improvement through innovation and technology. Our strong coordination with management team, teachers, staff and parents together has helped us to explore the best resources and opportunities for learning.

Success for us is not only measured by tests, and results. We at Ankuram believe that the greatest part of our success lies in the smiling faces when they enter the school premises every day, and eventually step out into the bigger world with confidence, knowledge and compassion to create a progressive, just and happy society to live in.

Come and join us, and feel the difference.

Suman Poudel

Principal

From the Vice Principal's Desk

Om Raj Mainali
Vice Principal

It gives me great pleasure to welcome you at Ankuram Academy. Our school is committed to providing a well-rounded education that nurtures the intellectual, social, emotional and physical development of our students. We strive to create an atmosphere that encourages creativity, critical thinking and self-discovery.

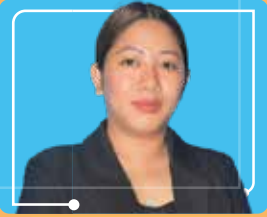

We take great pride in our progressive curricular practices which are designed to promote independent learning and cultivate a lifelong love of learning. We are committed to providing our students with a research-oriented education that prepares them to face the challenges of an ever-changing world.

At Ankuram, we believe in working in partnership with parents, teachers, staff and the wider community to create a caring and supportive environment in which our students can thrive. We are constantly looking for new and innovative ways to enhance our students' learning experience using technology and other resources to create exciting and engaging learning opportunities.

We measure our success not just by academic results, but also by the happiness and well-being of our students. Our ultimate goal is to equip our students with the skills, knowledge, and confidence they need to make a positive difference in the world creating a progressive and happy society to live in.

So, whether you are a prospective student, parent or member of the community, we invite you to join us and experience the difference of a truly exceptional education. We look forward to welcoming you to Ankuram Academy.

Voice of Level Heads

Ms. SUMAN SHERPA LAMA

I'm delighted to be your guide through the dynamic world of Grades 1-5 as the Level Head and I'm excited to share the essence of our educational journey. At Ankuram Academy, we embrace a holistic approach to education, transforming the learning experience into a delightful adventure. In Grades 1-5, we lay the foundation for a lifetime of learning by seamlessly blending academic excellence with the nurturing of creativity and character development in our engaging classrooms. Our dedicated teachers foster a supportive atmosphere, ensuring each student feels valued and empowered. The classrooms buzz with engaging lessons, hands-on activities and collaborative projects, creating an environment where young minds bloom. We encourage active involvement from parents, guardians, and students, fostering a sense of community that enhances the Ankuram experience. Let's make these early years memorable and meaningful! Welcome to Ankuram Academy, where the future begins with a bright smile and a heart full of possibilities!

Education is not a destination but a journey that turns an entity into a human being,

which is the biggest need of the hour. We hold the conviction that each child possesses a distinctive array of attributes and abilities. These inherent qualities require careful nurturing to allow them to flourish. Rather than viewing children as a collective class, we recognize and treat them as unique individuals. Our approach involves grooming and nourishing each child independently, ensuring they receive the specific attention they need. While academic excellence is our major thrust, Ankuram Academy is equally committed in preparing students for life beyond the classroom. We groom them to tackle the challenges of tomorrow and instill in them a sense of social responsibility. I am confident that our students will continue to grow stronger each day.

Mr. MADHAV ADHIKARI

Mr. ARJUN G SHARMA

In Ankuram Academy we believe in cultivating our kids' minds and souls so that they can become compassionate, confident, and responsible persons. We are devoted to fostering an atmosphere in which every student can develop intellectually, emotionally and socially. Our dedicated faculty members are not only experts in their professions, but also passionate teachers who inculcate curiosity, critical thinking and a love of learning in our students. We are committed in nurturing each students potential and fostering a culture of academic excellence, personal growth and community engagement. Whether through our academic curriculum, ECA activities, Project Based Learning (PBL), community service initiatives or field trips, we seek to give students the opportunity to pursue their interests and grow into well-rounded individuals. Thank you for considering us as a partner in your child's education.

Parents Voice

I am very happy to educate my child in Ankuram Academy. After having the abroad schooling experience, I feel Ankuram Academy is one of the World Class educational institutions in Chitwan where students can learn not only academics but also large numbers of activities. Having PTM once a month makes parents understand their kid/s schooling, behavior and areas of improvements for child's growth socially. I would like to wish Ankuram Academy to have a more successful & effective educational center ahead. Thank You! Best wishes Ankuram!

-Mira Dhungana Aryal

Ankuram has provided a safe space for my kid to learn and explore talents. Besides the outstanding achievements on his studies, he has also excelled at extracurricular activities. The wide amount of programs designed for the kids has made him more confident and outgoing. The school is very welcoming and involves the parents as well and we have enjoyed all the school's functions. The Teachers and the Head Members are very approachable and clearly care about the children and their education. Overall, these two years with Ankuram have been a wonderful experience.

-Ramkrishna Shrestha

Our Vision

At Ankuram Academy, we are dedicated to providing a holistic educational experience that celebrates a culture of excellence and values. We foster free, objective thinking in our students, aiming to nurture responsible, creative global citizens committed to the progress of both nature and society.

Our Mission

The school's mission is to provide a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning. We strive to ensure that every child in our care is empowered to make choices and encouraged to contribute to our community.

Our Core Values

Participation

Continuous Improvement

Professionalism

Intellectual Excellence

Innovation

Transparency

Honesty

Sincerity

The Ethos of Ankuram

A - Accountability for one's own actions.

N- Novelty in thought.

K - Kindness and generosity to all.

U - Unity among each-other.

R - Respect for other's dignity.

A - Admiration to individual uniqueness.

M- Maturity in solving problems.

Our Philosophy

Uniqueness of Child

Every child is a unique and lovely creation of God, and has personal experience of the world. Hence, each child needs to be encouraged to find his/her place in the world. For this reason, we impart interactive and experiential education. The practical application of classroom knowledge is a key part of our education.

Education Par Excellence

Our rigorous scholastic programs support the students to bring out their potentials, and achieve the highest level of academic excellence.

Global Citizenship

We foster this through cultural exchange exposure, international collaborations, and a curriculum emphasizing global awareness. Our approach empowers students to become responsible, compassionate, and informed global citizens ready to positively contribute to our interconnected world.

Peace and Justice

We encourage each child to be an ambassador for peace and justice and inspire them to always work for righteousness.

Holistic Approach

We aim to develop in students a holistic approach by cultivating child's physical, emotional, moral, and psychological attributes.

Innovation and Creativity

We nurture the natural curiosity and creativity of each child, encouraging them to think critically, solve problems innovatively, and express themselves creatively. Our approach empowers students to adapt to a rapidly changing world with confidence and creativity.

Our Methodology

Ankuram Academy uses accelerated learning methodology using the following modern tools and techniques.

Smart Class

All of our classrooms consist of smart boards and audio-visual facilities having students provided with the access to the state-of-the-art learning technology.

Guidance and Career Counseling Center

Our counseling center provides both individual and group counseling to our students. Weekly Career counseling workshops are given to the senior students to build effective resumes and cover letters, as well as developing the expertise needed to participate in fruitful interviews and deliver engaging and coherent presentations. The center, working closely alongside the teachers, also serves as a support network for students and their families when personal issues or crises arise. Students are encouraged to use counseling services for personal or academic problems. Counseling sessions are strictly confidential.

Subject-Based Classrooms

We've dedicated subject-based classrooms for Art, Music, Dance, Biology, Physics, Chemistry, Mathematics, and computer labs. Now, in a progressive move, we're transitioning all general classes to subject-based classrooms. This transformation ensures every class is well-equipped with specialized resources, fostering more effective and engaging teaching and learning experiences across the curriculum.

Appreciate inquiry (AI)

It is an approach to behavioral change which focuses on strengths, rather than on weakness of a student. We practice this technique here as a co-evolutionary search for the best in people.

Mind Mapping

We use a powerful graphics technique which provides a universal key to unlock the potential of the brain. It is used to generate, visualize, structure and classify ideas. It is an aid to studying and organizing information, solving problems, making decisions.

A Parent's View

I am Parents of Saisha Dani from Grade Three. Firstly, I feel very proud to be a member of the school family. I don't think there is anything to be changed. I love all services provided by school. I hope these valuable things will continue in upcoming years as well. I greatly respect the entire Ankuram family. Ankuram is the pride of every parent.

Personal Development Programs

Ankuram Academy believes in teaching life skills to students from a very early stage. For this reason, we regularly conduct various personal development programs like, Public Speaking and Communication Skills, Goals Setting, Time Management, Emotional Intelligence, Social and Party Etiquette, Grooming, etc. We also provide strong counseling services to help our students better cope up with emotional and social beings.

Celebrations

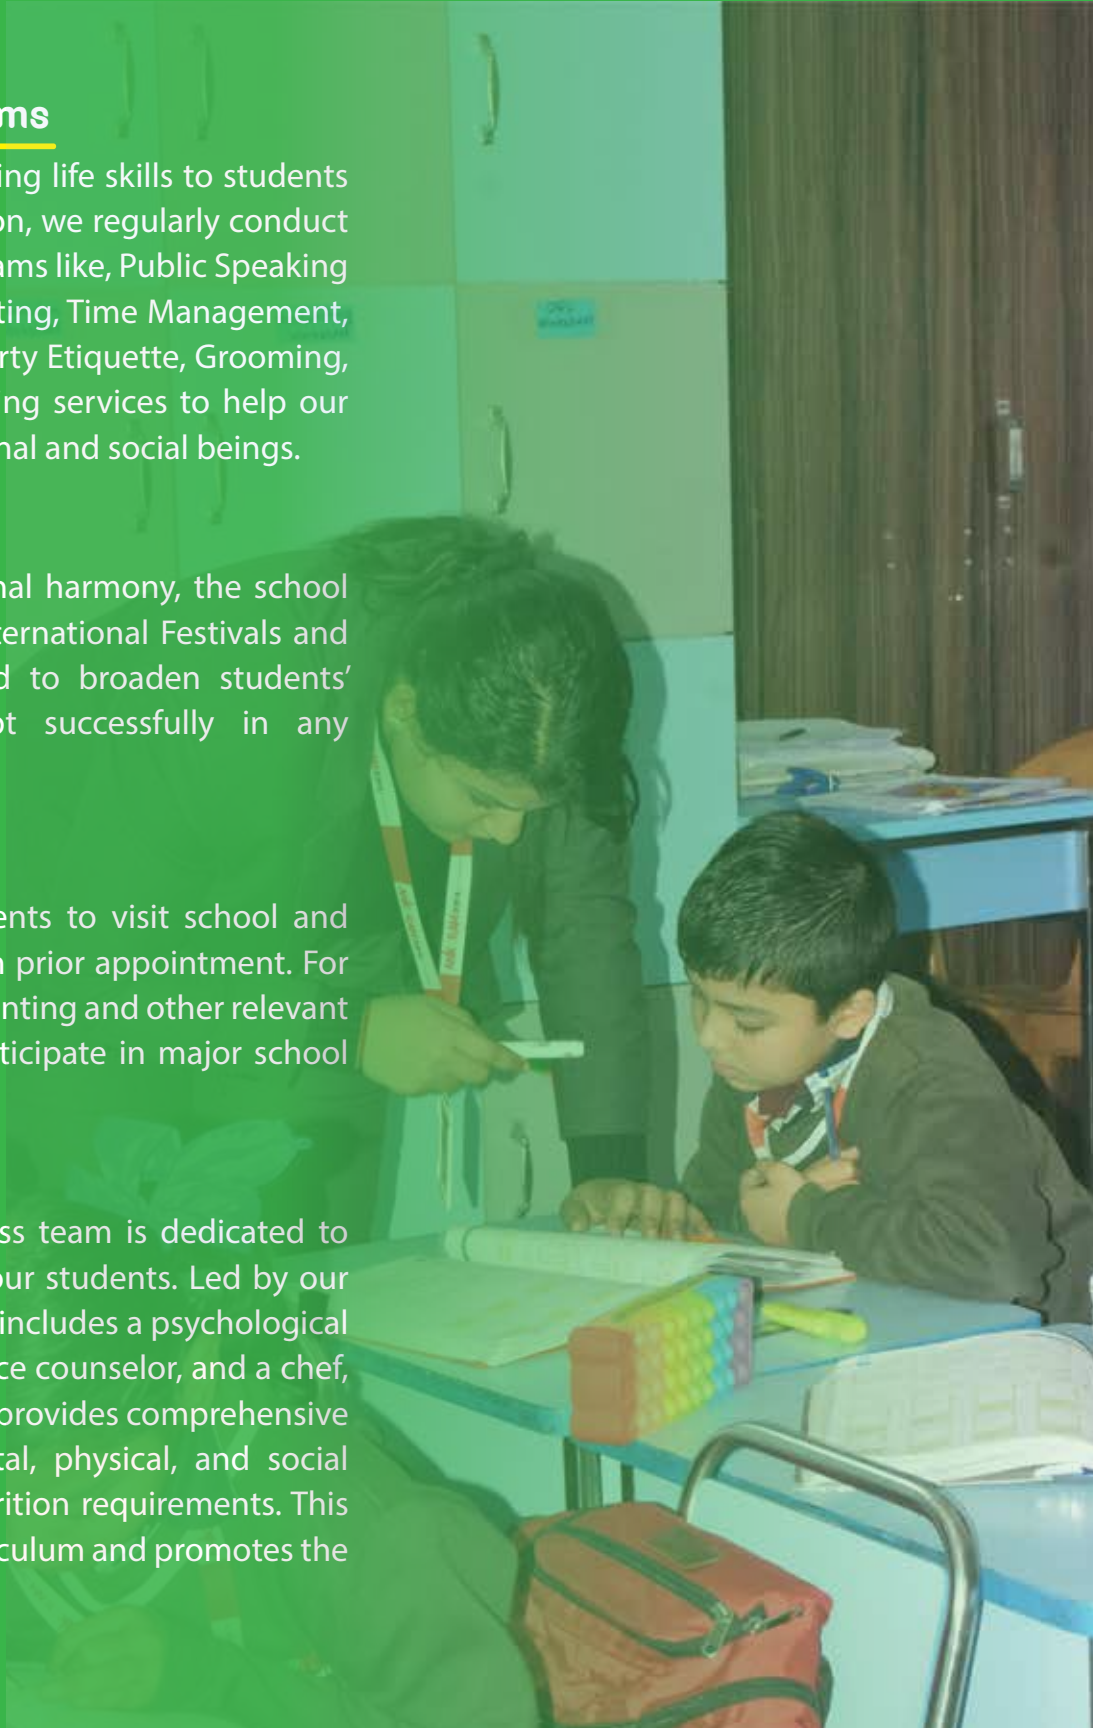

To promote national and international harmony, the school celebrates all major National and International Festivals and Days. These functions are observed to broaden students' world-view and help them adapt successfully in any environment.

Parents Involvement

Ankuram Academy encourages parents to visit school and meet the principal and teachers with prior appointment. For the parents, the school conducts parenting and other relevant trainings each year. Parents also participate in major school functions and programs.

Health and Wellness

At Ankuram, our Health and Wellness team is dedicated to nurturing the overall well-being of our students. Led by our experienced H&W Director, the team includes a psychological counselor, nurse, nutritionist, guidance counselor, and a chef, all working collaboratively. The team provides comprehensive support, addressing students' mental, physical, and social needs, as well as their food and nutrition requirements. This collaborative effort enriches our curriculum and promotes the overall wellness of our students.

Int'l. Standard Infrastructure and Service

Adjacent to our school, a vibrant and lush piece of land has become an integral part of our commitment to holistic education. This green haven, adorned with fruit-laden trees and diverse vegetation, serves as an extension of our learning environment. In this natural sanctuary, we envision creating a harmonious blend of recreation and education. The sprawling expanse will feature a herbarium, offering students a living classroom to explore and understand various plant species. Gardening plots will allow hands-on experiences, nurturing a love for cultivation. A natural aquarium will showcase the wonders of aquatic life, fostering an appreciation for biodiversity. Gazebos will provide serene spaces for reflection and study, while a dedicated play area for our youngest learners ensures joyful moments amidst nature. This initiative reflects our commitment to experiential learning and the belief that nature is an inspiring teacher in itself.

Intensive Care Class

Ankuram's Intensive Care Class, among the country's few, supports academically and socially challenged students. Utilizing best practices in Special Education, it identifies and addresses students' learning difficulties, offering tailored accommodations for an enhanced experience at Ankuram. In the upcoming academic year, the school aims to implement a more efficient identification system for early support. Plans include expanding resources, adding learning materials, and creating dedicated workspaces in the classroom.

Cafeteria

- Clean and hygienic cafeteria
- Varieties of nutritious lunch and snacks menu prepared by nutritionist
- Self-service counters for senior students
- Salad counter
- Safe purified drinking water
- Trained cafeteria staff lead by a chef

Health and Hygiene

- Infirmary (Medical Room)
- Health camps for students and staff
- Health education program for school community

Meditation

Our day begins with invigorating meditation sessions led by a teacher trained in The Art of Living. These regular classes, enriched with breathing exercises, contribute to the students' physical and mental well-being. The practice not only relaxes them and reduces stress but also enhances attentiveness, focus on studies, and overall behavior. Students report feeling more energetic throughout the day.

Safety and Security

- CCTV surveillance
- School preparedness for emergencies
- Regular earthquake drills
- Earthquake resistant building
- Trained staff
- Fire safety

Transportation

- Lady assistants on school buses and vans
- Official Mobile for drivers
- GPS tracking on each buses and vans
- First Aid kit in the school buses
- Light snacks (Contingency plan)
- A/C buses
- Fire extinguishers

Our Affiliates

Rato Bangala Foundation is our training and development partner. Transforming communities through quality education, Rato Bangala Foundation aims to empower stakeholders in education by offering evidence-based training and awareness programs. It aims to foster quality education that prepares children to thrive in the ever-changing world.

We also have tied up with Karkhana to nurture our children's STEAM education to expand their knowledge beyond the textbook, communicate their ideas confidently, work in a team, build smart solutions for real world problems.

Teachers in Karkhana Orientation Session

Hotel Siraichuli helps to guide our students about Hospitality and Management.

Our next associate, NAME, an institute for medical education for entrance preparation offers following entrance preparation services: SCIENCE & TECHNOLOGY – B. Sc. in Agriculture, Forestry, Veterinary and Husbandry. PARAMEDICAL–BPH, BMLT. BAMS, B. Optometry, BASLP and B. Sc. MIT. BSc Nursing, Bachelor's Degree in Nursing. MEDICAL EDUCATION- MBBS (IOM & BPKIHS), BDS.

The journey from 'Which school' to 'My Ankuram Academy' was worth noting as I got to etch beautiful two years of history in the pages of my life. Bestowed with well-experienced and understanding faculties, appropriate facilities together with incredible mentors, I bloomed into a gorgeous flower. I now aspire to be a vet to serve the needy. I studied hard, experienced various dimensions of learning, made several mistakes, corrected them, and transformed into a better 'I' today. My dream got its wings with the knowledge and expertise that I gained here. Having received nurturing and notion of the subjects beyond textbooks, I stand holding my head up high. 'School for life' is not just a motto but the motivation to solve challenging equations of life. For this reason, Ankuram in me still persists.

Giving Back to the Community:

At Ankuram School, our Marketing Project integrates practical education, immersing students in real-world market dynamics. During the recent Rakhshya Bandhan festival, students crafted and sold 'rakhis', showcasing their entrepreneurial spirit. This hands-on experience honed communication skills and resilience in customer interactions. The venture yielded a net profit of approximately Rs. 1,73,000, a testament to the students' dedication. Demonstrating social responsibility, Rs. 25,000 was donated to the Himalayan Animal Rescue Trust, embodying our commitment to community impact. The remaining funds will further support charitable organizations. This Success Story not only celebrates financial success but highlights the values of empathy and altruism at Ankuram.
